(II.) Admission to Membership

Application and Application (for all memberships EXCEPT Friend of Optimist)

Prospective member fills out an Application, a Dues Payment Authorization Fee, and an Application Fee. All are turned in together to the Club Secretary/Treasurer through the prospective members sponsor or representative. The Club Secretary will send a custom "Welcome Letter" to new applicant providing information on the induction process, access to membership handbook on website, social media details and highlights of Club activities.

Friend of Optimist (FOO) Application and Application Fee

Prospective FOO member fills out Application provided by Optimist International ensuring that the following is included on application: Centerville Noon Optimist Club code (#24403) and sponsor name. Prospective member mails completed application, along with \$100.00 annual fee, directly to Optimist International (Attn: Membership Department, 4494 Lindell Blvd., St. Louis, MO 63108). After Optimist International accepts prospective member as a FOO, Optimist International will send \$40.00 back to Centerville Noon Optimist and Centerville Noon Optimist may count this FOO as club membership. Centerville Noon Optimist Board of Directors does not vote on the admission of a FOO member.

Vote by Board of Directors

When a potential new member applies to become a member of the club, the following three (3) regular membership meetings will be used to share readings about the potential new member. The club membership will have the opportunity to learn about the new member, and raise any concerns they may have to the Board of Directors. Following the three (3) readings, the Board of Directors will vote on accepting the new member, and the vote is contingent upon the absence of objections from the membership. Upon acceptance by the Board of Directors, the Secretary will add new member to the Optimist Internal Roster and notify Club Treasurer of pending Optimist International invoice. Additionally, the Secretary shall notify the new member and the sponsor of acceptance prior to induction.

Occasionally, and at the discretion of the Board of Directors, a provisional approval may be allowed. When the required readings cannot be completed consecutively and will fall outside the next Board of Directors meeting (and therefore vote), the Board of Directors may vote to approve a member before their readings are completed. Consecutive readings may be disrupted by such things as regular noon meetings not being held due to Installation Dinner, Holiday Dinner, Memorial Services, etc.

Induction

The official induction of the new member into the Club shall occur at the next regular meeting or scheduled function of the Club attended by the new member.

The new member will receive a club handbook, other membership materials, and their name badge upon induction.

Dues Proration

The Treasurer will prorate new members' dues starting the 3rd week after their initial reading.

2. The Treasurer shall immediately refund the membership fee.
3. The Secretary shall cancel the registration of the new member to Optimist International.

- 76 – 100 members, 8 directors
- 101 – 150 members, 9 directors
- More than 150 members, 10 directors

(IV.) Nomination and Election Procedures

Meeting of the Nomination Committee

1. Past President's rep is responsible to both schedule and preside over the meeting(s).
2. Pre-canvassing of potential candidates should not occur
3. Committee Members include all Past Presidents, Current President, and President-Elect
4. All present can vote
5. Must have at least ten (10) members to establish a quorum
6. If someone in the room, or their significant other, is being considered or discussed for an office, we ask that they excuse themselves from room for the discussion, returning only to take part in the vote.
7. Since nominations may come from the floor, the Nominating Committee will slate exactly the number of candidates as are needed for that particular year.
8. Members of any Membership Category (with the exception of Friend of Optimist) shall be eligible for consideration by the Nomination Committee for elected positions.

The work of the Nominating Committee will be divided up into three (3) phases:

1. Phase 1 – November, President-Elect (must vote for ONE and ONLY ONE)
 - a. Consider names from the group with special emphasis on current Vice President's, but with the notion that the best candidate is what this committee is seeking.

The Noon Optimist Club of Centerville

Policies and Procedures Manual

- b. Anyone with at least three (3) years' experience in the Club can be considered, but prefer a current or past Vice President, regardless of when they served.
 - c. Before a name is placed on the board for discussion, it must be seconded twice (i.e. three (3) members consider this person a viable candidate).
 - d. Once all names are on the board, a maximum of five (5) minutes is allowed to discuss each candidate.
 - e. Each person in the room then submits a written ballot with one (1) name on it.
 - f. A simple majority of votes is required (i.e. if fifteen (15) voters are in the room, a person must receive eight (8) votes to be nominated).
 - g. Each ballot must contain only one (1) name for it to be considered valid.
 - h. Any ballot that does not include the total number of votes required will be discarded.
 - i. Selected candidate will be visited or called by the Past President's Representative and/or the immediate Past President, to discuss the nomination and the candidate's willingness to serve.
 - j. Selection and consent must be completed by February 1st.
 - k. To establish the order in which candidates are contacted a second, third and fourth ballot should be taken with the top vote getters name removed on each subsequent vote.
 - l. If the top four (4) names are exhausted without the position being filled, then the Nominating Committee will convene to discuss additional names to be placed in nomination.
2. Phase 2 – January, Vice-Presidents (Must vote for TWO and ONLY TWO; need two (2) Vice-Presidents).
- a. This meeting can only take place after the Phase 1 task is complete and the position of President-Elect has been filled
 - b. This position is critical since this position is perceived as the steppingstone to the Presidency. Therefore, choose two (2) candidates who would make a good President someday.
 - c. Primary candidates for these positions should come from the current Board of Directors, but at-large members can be considered.
 - d. Any current Vice President not chosen to become President Elect should also be given consideration for this position.
 - e. Before a name is placed on the board for discussion, it must be seconded.
 - f. Once all the names are on the board, a maximum of three (3) minutes is allowed to discuss each candidate.
 - g. Each person in the room then submits a written ballot with (2) names on it.
 - h. Each ballot must contain two (2) names for it to be considered as valid.
 - i. Any ballot that does not include the total number of votes required will be discarded.
 - j. Again, a simple majority of votes is required with this process being similar to the President Elect process.

The Noon Optimist Club of Centerville

Policies and Procedures Manual

- k. Selected candidates will be visited or called by the Past President's Representative and/or the immediate Past President to discuss the nomination and the candidate's willingness to serve.
 - l. Selection and consent must be completed by March 1st.
 - m. To establish the order in which candidates are contacted a second and possibly third ballot should be taken with the top two (2) vote getter's names removed on each subsequent vote.
 - n. If the top four (4) or six (6) names are exhausted without the position being filled, then the Nominating Committee will convene to discuss additional names to be placed in nomination.
3. Phase 3, Part 1 March, Board of Directors (Must vote for the exact number of directors sought).
- a. This meeting is to be scheduled after the positions of Vice Presidents have been filled.
 - b. In a perfect world, we are primarily seeking new members for these roles (prefer those with at least one (1) year experience in the Club), but it is always good to consider "seasoned" members for their historical perspective(s).
 - c. Before a name is placed on the board for discussion, it must be seconded.
 - d. Once all names are on the board, a maximum of three (3) minutes is allowed to discuss each candidate.
 - e. Involvement in the Club, attendance and leadership potential are the priorities to consider here.
 - f. Each person in the room then submits a written ballot with the exact number as there are Director vacancies. In other words, one may not cast just ONE vote when there are four (4) or five (5) Director vacancies.
 - g. Each ballot must contain the exact number of names as there are vacancies for it to be considered as valid.
 - h. Any ballot that does not include the total number of votes required will be discarded.
 - i. We will then give our complete slate of nominees for Director to the President Elect, who in turn will make the calls on behalf of the Nominating Committee.
 - j. In the event the President Elect gets a declination, he/she will use the next highest vote getter from the list of candidates until the correct number of Board candidates are achieved.
 - k. In the event he/she gets enough declinations that will result in there being less nomination than spots available, then the nominating committee will convene to resolve the issue.
4. Phase 3, Part 2 March, Past Presidents Representative (selected and recommended by the committee made up of Past Presidents).
- a. Input by current President Elect is welcome, but the vote of the committee will be final.
 - b. Slate names and vote by general membership.
 - c. If more than one (1) person is nominated, then written ballots will again be required with a simple majority required.
